KENDALL'S SPAVIN CURE

Harrisburg, Pa., Nov. 18, 1880.

Dr. B. J. Kendall. & Co., Gents: I have a very fine mare that has had a bone spavin for a long time, I tried every thing man could devise to cure it but all in vain and was about to give it up when a friend of mine in this city came to me and recommended Kendail's Spavin Cure which I tried with grand results, removing that bone clear and clean and then I sent 2 cents to you for one of your illustrated Horse Books and I think there is no better book printed on the norse and leis diseases. I have taken great interest in it and have since sold is copies for you to my neighbors and will try and do what good I can by getting them for others. Yours truly.

KENDALL'S SPAVIN CURE ON HUMAN PLESH.

Bakersfield, VI., Dec., 23, 1879.
B. J. KENDALL & Co., Gents: I wish to add my lestimony in favor of your invaluable imment, "Kendall's Spavin Cure." In the spring of 1862 I shipped on the ice and sprained my right limb at the knee jount. I was very lame and at times suffered the most exeruciating pain. I wore a bandage on it for over a year, and tried most exeruciating pain. I wore a bandage on it for over a year, and tried most everything in my reach, but could find nothing that would give me permanent relief. When I overworked, it would pain me very much. In April 1878 I began to think I should be a cruple for life; but having some of "Kendall's Spavin Cure" thought I would try it. I used one thind of a bottle, and experienced relief at once. The pain left me and has not troubled me since. I feel very grateful to you and would recommend 'Kendall's Spavin Cure' to all who suffer with sprains or rheumatism. Yours truly. Mrs. J. BOUTELL

Kendall's Spavin Cure is sure in its effects, mild in its action as

Is sure in its effects, mild in its action as it does not bilster, and yet it is penetrating and powerful to reach any deep scated pain or to remove any bony growth or any other enlargement, if used for several days, such as spavins, splints, carbs, callous, sprains, swellings, any languages and all enlargements of the joints or limbs, or recunation in man and for any purpose for which a liminent is used for man or beast. It is now known to be the best liminent for man ever used, acting mild and yet certain in its effects. It is used full strength with perfect safety at all seasons of the year.

Send address for illustrated circular, which we think gives positive proof of its virtnes. we think gives positive proof of its virtues No remedy has ever met with such unquali-fied success, to our knowledge, for beast as
